Motivation for serving on the Board
<p>I would like to offer my experience in order to be a good link between Athletes and EEF. I think it is important to give the right information and instruments to the institutions that have to take decisions. I believe that in order to have a constructive relationship is important to know each other and to be aware each other's problems and wishes.</p> <p>Having a good link with the Athletes I'm confident I can help to build up a good connection between them and the EEF.</p> <p>Furthermore, I fully support the Longines EEF Series project, and I think this may be one of the most important sporting goals that EEF can achieve.</p>
