Motivation for Serving in the Board

Dear Delegates,

Let me express my gratitude for the trust and responsibility that has been placed in me by the EEF community as EEF Board member over the last mandate.

I also like to emphasize on the backing from the French Equestrian Federation, which allows and supports me to apply for the EEF board election.

Working for the growth of equestrian sports in Europe was and still remains a priority for me. EEF current strategy and active involvement from members NF allows steps forward to be taken with sustainability as backbone. This context encourages me to pursue and want to enhance my commitment to the EEF community.

I firmly believe in the role, duty and potential from the EEF to gather NFs' main needs, facilitate knowledge sharing and drive positive evolution. This level of coordination will be more and more valuable due to the current environment stretched between globalization and continental specific interests.

Equestrian activities are not exempt from environmental, social and economical challenges faced by most, if not all, sectors of today's society.

EEF and members NFs in the debates related to the policies applicable to us, especially into the European Union (transport, animal welfare, taxation, zootechnical and health requirements, competition...) is also essential.

As equestrian stakeholders and institutions, we have to be proactive in protecting the future of our activities. Adopting the right evolutions to constantly showing the right to the wide audience which is increasingly sensitive to the footprint of our sport is a priority.

In this perspective, I am motivated to endorse involvement within disciplines and development Working Groups in addition to being part of the Board as it gives me the opportunity to collaborate with EEF stakeholders and with many experts from your NFs to collectively serve the community.

I hope to continue to bring my contribution to the European equestrian community and more specifically to the EEF Member NFs in a manner that will warrant your confidence enough to receive your vote at the next GA.

I remain at your disposal for any discussion at any time.

Looking forward to work with you on those challenges,

Sincerely,

Quentin Simonet
